

Journal of the European Society of Surgery (JESS)

Vol. 1, Issue 2 · July 2026

Issue Contents

01. An Uncommon Recurrence of Carcinoma Cervix in the Sigmoid Colon: A Case Report

Case Report · 01 July 2026

02. Transitioning to Robotic Complete Mesocolic Excision with Central Vascular Ligation: A Propensity Score-Matched Retrospective Cohort Comparison of Quality, Safety and Oncological Outcomes Versus Standard Laparoscopic Right Hemicolectomy

Original Research · July 2026

03. Intraoperative Cholangiogram in Routine Cholecystectomy: Real Benefit Versus Overuse of Available Resources

Review Article · July 2026

04. Postoperative Morbidity and Mortality Following Elective Versus Emergency Esophageal Surgery: A Systematic Review and Meta-Analysis

Systematic Review · July 2026

05. Should Open Cholecystectomy Remain in Surgical Training? A Narrative Review in the Era of Advanced Laparoscopy and Robotics

Review Article · July 2026

06. Age-Related Differences in Severity, Management, and Outcomes of Acute Appendicitis: A Balkan Single-Center Retrospective Cohort Study

Original Research · July 2026

07. Conversion from Laparoscopic to Open Surgery in Elective Cholecystectomy: A Clinical Audit on Compliance with International Guidelines and Implications for Quality Improvement

Original Research · July 2026

08. Postoperative Strategy in the Long-Term Period After Surgical Treatment of Strangulated Inguinal Hernia

Original Research · July 2026

09. Assessment of Operative Difficulty and Postoperative Outcomes in Laparoscopic Cholecystectomy

Original Research · July 2026

10. Colonoscopy Findings and Predictors of Significant Colorectal Lesions in Adult Patients

Original Research · July 2026

11. Predictors of Complicated Appendicitis and Their Impact on Appendectomy Outcomes

Original Research · July 2026

12. Risk Factors Associated with Recurrence Following Ventral Hernia Repair

Original Research · July 2026

13. Postoperative Complications and Recovery Pattern Following Breast Surgery

Original Research · July 2026

14. Intramural Gastric Hematoma in Patient with Primary Thrombocytopenia

Case Report · July 2026

This PDF is a table of contents for the issue. Full article text and article-level PDF availability are provided on the individual article pages.
